Introducing "Magic Metal"

CALL US FOR A SAMPLE

- Stop using the gaudy bright silver and bright gold tapdown and binder bar and nosing that you have been using since the 1950s.
- Stop carrying mixed metals and all of the associated problems of inventory on the job.
- Carry just one type of a unicolor MAGIC METAL that compliments and matches every color and style and type of carpet.
- Make money for a change with what looks like a premium and sophisticated color that you can supply your customer with.
- Show them this product next to their carpet selection and they will select it EVERY SINGLE TIME.
- MAKE MONEY WITH METAL INSTEAD OF WORRYING ABOUT THE JUNK YOUR COMPETITOR SUPPLIES.
- LET YOUR COMPETITOR BE THE ONE TO LOOK GAUDY AND CHEAP.
- CHECK OUT THIS PRODUCT AND YOU WILL SWITCH TO IT IMMEDIATELY AND YOU WILL MAKE MONEY WITH THIS PRODUCT

THE ABSOLUTE FINEST URETHANE WOOD ADHESIVE

AUGRA PRIME- NOW IN 3.5 GALLON PAILS

BETTER THAN SIKA-55, BETTER THAN

BOSTIK'S BEST AND BETTER THAN MAPEI

UB990 - AND NO SOLVENTS

A Flooring Industry Secret - The BEST Urethane for a lot less \$\$\$\$\$\$

Augra Prime is a low V.O.C., one component - one part, moisture curing, polyurethane adhesive applied by trowel. After curing, this adhesive provides a flexible, tough, super-bonding hold to a variety of surfaces due to its superior properties. Augra Prime's superior elasticity allows it to expand and contract with natural wood. Moisture or water have no effect on this advanced formula. It meets all current state and federal V.O.C. regulations and contains no California Proposition 65 listed chemicals. Augra Prime's performance matches or exceeds the BEST selling Urethanes in the hardwood market AT A SIGNIFICANT SAVINGS

\$72.99 per 3.5 gallon pail

COMBIMIX 700 \$15.49/BAG (SKID PRICE)

LOCK-TILE INTERLOCKING FLOOR TILES \$2.79 / SQUARE Ft(BLACK

Lock-tile is a versatile heavy duty flooring that offers numerous advantages over conventional finishes, making it ideal for use in industrial or commercial environments and surroundings. **Half the price of rubber or vinyl and no floor prep**

Consisting of flexible 1/4" thick interlocking tiles, Lock-tile can be dry-laid in most applications over any hard surface with minimal or no surface preparation ensuring a quick and trouble-free installation even on damaged, damp or contaminated substrates.

Lock-tile is suitable for floors that experience high levels of vehicular traffic such as forklifts. Lock-tile is also well prepared for high impact, abrasion or vibration damage, as well as solvent and chemical spills.
